## FBT Job Captain

**Firm:** FBT Architects

**Position:** Job Captain, fulltime

**Compensation:** Depending on experience

FBT Architects is seeking talented self-starters to join our team in Albuquerque and Colorado Springs as Job Captain/Project Architect. This is an excellent opportunity to work in a fast-paced collaborative studio environment within a variety of project types including Healthcare, Education, Mixed-Use, Hospitality and Commercial. Candidates should have a minimum five years professional experience in design implementation, project detailing and technical documentation and extensive knowledge of Revit and AutoCad among other technology platforms.

### Your Responsibilities/Expectations

- ✓ Provide project team coordination for execution of design intent.
- ✓ Deliver complete, accurate and high-quality Design Development & Construction Documents ensuring the incorporation of the design intent by utilizing Revit and Autocad.
- ✓ Participate in the construction administration phase - address RFI's; process submittals and substitution requests; review pay applications, etc.
- ✓ Work independently or with design team to complete projects on schedule.

### Your Skills & Qualifications

- ✓ **Knowledgeable:** Current in construction materials, methods, standards and codes; experience with architectural building systems and construction detailing; proficient in construction documentation production.
- ✓ **On Board:** We're looking for a team member who shares our passion for architecture and can work independently and collaboratively.
- ✓ **Design-minded:** Proficient in Revit (including building information modeling and documentation) plus 3D modeling and rendering software such as 3ds Max Design and SketchUp. Proficiency in Adobe Creative Suite [InDesign, Photoshop, and Illustrator] a plus.
- ✓ **Communicator:** Has a way with words and can communicate clearly and concisely; both verbally and in writing
- ✓ **Innovative:** We strike a balance between working efficiently and effectively, while always looking for ways to improve and rethink our processes and end products.
- ✓ **Enthusiastic:** Ability to take a project and run with it.
- ✓ **Agile:** Ours is a fast-paced and energizing environment. The ability to focus on multiple deadlines is an indispensable skill.
- ✓ **Experienced:** Minimum 5 years professional experience with a professional degree in Architecture. On the path to licensure.
- ✓ **Locations:** Albuquerque, New Mexico and Colorado Springs, Colorado
